To the Citizens of Pike County:

This report is an abbreviated summary of services provided by Pike County Health Department (PCHD) for FY 2017, December 1, 2016 through November 30, 2017. A full report is available on the PCHD website at www.pikecountyil.org/health-department under Board of Health.

PCHD provides the mandated local health protection programs of food, water, sewage and infectious diseases, assuring the safety of food at restaurants and water from individual wells; proper private sewage disposal; and protection from communicable diseases. Additional Public Health programs, such as the Dental Clinic and WIC, are based on community needs and available funding.

PCHD's Environmental Health programs work to assure compliance with public health laws and ordinances such as the local Nuisance Ordinance, Tanning, Body Art (Tattoo), and Tobacco Free Communities.

PCHD's **Home Health program** is Medicare certified, providing physician ordered skilled nursing and therapy services in the home for patients of all ages.

Home Nursing (HN) and **Home Services (HS)** are private pay programs. HN provides skilled nursing visits in the home by an RN and/or skilled personal services provided by a Home Health Aide for an individual who does not qualify for Home Health. HS are non-medical/non-skilled assistance with activities of daily living, personal care, and housekeeping.

PCHD remains committed to providing vital services for the residents of Pike County, working to prevent disease, promote wellness and protect the health of the public.

Respectfully submitted,
Anita Andress, RN, BSN
Administrator
