**Pittsfield, IL** – Adams County Health Department (ACHD) announced today that they will be opening up vaccinations at the Oakley Lindsey Center in Quincy for Pike County, IL, Brown, Hancock, and Schuyler County residents that fall in to Phase 1B of the Illinois Department of Public Health's (IDPH) Mass Vaccination Plan. Those in Phase 1B include: Correctional Officers, Food and Agriculture Workers, Postal Workers, Manufacturing Workers, Grocery Store Workers, Public Transit Workers, Education Sector, Daycare Workers, First Responders, and Law Enforcement.

Those individuals in the categories mentioned above who would like to be vaccinated can call the vaccination registration line at 217-600-4VAX or go to [www.adamscountytogether.com/vaccinate](http://www.adamscountytogether.com/vaccinate) to schedule your vaccination. Individuals registering are asked to bring proof of identity as well as the ticket they receive through the email upon registering online or the ticket number they receive by registering through the vaccination registration line with them to their vaccine appointment. Those that register in an eligible work category are also asked to bring proof of employment that matches the employer identified on their registration form.

Those registering will automatically be scheduled to receive their second dose at the time of their first appointment. Individuals registering online will receive an email confirmation reminding them of their second dose appointment. Individuals will also need to remember to return for their second dose at the same time they came for their first dose on the date stamped on their CDC Vaccine Record card.

If you wish to receive your vaccination at PCHD, please call the health department at 217-285-4407 and use option 8 to leave your name, date of birth and phone number. Appointments will be scheduled based on prioritization and vaccine availability. If you have already called and left your information to be added to the pre-registration list, no further action is required.

Please note, PCHD continues to concentrate vaccinations for those individuals in the over 65 years of age group. Also note that PCHD receives a large number of calls. If you have provided your information to PCHD, you will be called to set up an appointment when vaccine becomes available.

Information on vaccinations in Illinois by county is now available at:  
[www.dph.illinois.gov/covid19/vaccinedata](http://www.dph.illinois.gov/covid19/vaccinedata).
